# Have Beautiful Iris In Your Garden Continuously

## From Spring to Frost

## From America's Most Noted Collection

### Lovely Miniature Iris for the Rock Garden

These miniature jewels follow the crocus in bloom in the early spring, and come at a time when flowers in the garden are so much prized. **A New Everblooming Miniature Iris That Sold 2 Years Ago for \$10.00** is included in this Collection, also two each of the following: A lovely rich wine shade, an exquisite soft sky blue, a glistening snow white, a rich golden yellow, a deep velvety purple, and one of some other choice variety, 12 in all, personally selected by me; all carefully labelled. **12 Miniature Rock Garden Gems, including the Ever-blooming Variety, All for \$2.00 Only**

### Pogocyclus Hybrids

This race contains many of the most handsome Irises in the world and this collection contains only the finest of them, including Wm. Mohr, the very best and highest rated of them all, which recently sold for \$25.00 each and has created more of a sensation than any other Iris in my gardens the past three seasons. They are all entirely different from all other Irises and as beautiful as the finest orchids. They are very early flowering and follow the miniature Iris in bloom.

**5 Magnificent Pogocyclus Hybrids, All Different, for \$3.00**

### Early Aristocrats

You will get a great thrill out of this new race of early flowering Iris Aristocrats. They follow the Pogocyclus Irises in bloom and will come into full flower in your garden while your neighbors are still looking for buds on their Irises. Each variety is a masterpiece. Each one is a different color. One of them is the deepest colored Iris grown, so intense that it seems to be dripping with color, and so velvety that the entire flower seems to be cut out of the finest plush. Each of the others is equally striking. They are all large and handsome and produced on flowering stalks from 24 to 36 inches tall. **8 Early Aristocrats, All Different, All Labelled, No Two Alike..... \$2.00**

### Surprise Collection of Magnificent Tall Bearded Iris

These flower immediately following the Early Aristocrats. A real surprise is awaiting you in this collection. It contains the world's highest rated varieties, winners on the show benches and in the garden. One is a winner of three medals. There is a lovely bronze blend, an exquisite orchid pink, a brilliant fiery red, a gigantic fragrant lavender and three others, equally striking.

**All Different and All Plainly Labelled. 8 Magnificent Beauties, My Selection for..... \$2.00**

### The World's Finest Siberian Irises

Many eminent authorities consider these the finest of all Irises. They are prodigious bloomers and make excellent cut flowers. In form they differ from all the others and deserve a place in any first class Iris Collection. This collection includes several varieties that sold for \$6.00 and \$10.00 a plant just three years ago. This is the finest set of Siberian Irises obtainable anywhere in the world. They flower with the Tall Bearded Iris.

**6 Superb Siberian Irises for..... \$2.00**

### Beardless Iris Species and Hybrids

This marvelous section of the Iris family begins to flower while the Tall Bearded and Siberian Irises are still in bloom, and continues until the Japanese Iris are in full flower. They are different in form from all other Irises and the ten varieties in this collection are all quite different from each other. This collection will include Fulva, the burnished copper colored Iris, Foliosa, a lovely blue shade and Dorothy K. Williamson, a hybrid of these two; a yellow, a soft blue and a deep purple of the Spuria type; Guldenstaediana from Afghanistan, etc.

**Ten Magnificent Beauties Altogether, each as Different as Sun- \$3.00**  
ner is from Winter for.....

### Gorgeous Japanese Iris

These flower immediately after the Beardless Species and Hybrids. There is nothing more "showy" than these gorgeous Japanese Iris. There are giant singles and doubles, self-colors, mottled, banded and striped effects; subtle soft tints and brilliant showy colors. Some are as large as a dinner plate and all are prodigious bloomers.

**8 Gorgeous Japanese Iris, All Different, All Labelled \$2.00**

### Iris Dichotoma

This is one of our most interesting and rarest Irises. It comes from Manchuria and Northern China. The thin wiry flower stem grows from 30 to 36 inches in height and is more branched than any other member of the Iris family. It flowers so freely that a single flower stalk on an established plant will bear from 100 to 200 flowers or more in a single season. It blossoms for a full four weeks during the midsummer, when no other Irises are in flower, and when other flowers are scarce. The flowers are about 1 1/2 to 2 inches across, beautifully marked and quite handsome. They open in the afternoon (you can set your watch by them) and last only one day, producing a new crop of flowers every day.

**Iris Dichotoma..... \$1.50 Each**

### Autumn Flowering Irises

This new race of Irises not only produces a full quota of flowers at the same time as the Early Aristocrats, but also produces a second complete crop in the Fall, flowering from September until frost, thus completing a calendar of Iris flowering from early spring until late fall. There are four colors in this new Fall Blooming race, a rich blue, a fine yellow, a snow white and a bright red purple.

**One of Each for..... \$2.50**

*All Delivered to You by Parcel Post Prepaid*

These nine Collections combined, costing \$20.00, with five of the marvelous Moonlight Iris FREE, will give you Iris in your garden from early spring until frost. They are all hardy, prodigious bloomers, and easy to grow anywhere. Cultural directions accompany all shipments.

# SUNSHINE GLADIOLUS COLLECTION

*An Unprecedented Offering of Prizewinning Gladiolus*

**N**EVER before have such fine varieties been offered for so little money, either wholesale or retail.

**100 Large, Plump, Flowering-Size Bulbs for \$1.50; Delivered Right to Your Door by Parcel Post, Prepaid**

Assorted Colors—Red, Blue, Lavender, White, Yellow, Cream, Pink, Salmon. All colors mixed together.

This Collection will make a grand flower bed for display, besides keeping your table supplied with gorgeous cut flowers. The varieties in this Collection have been winning prizes everywhere. A single bulb of some of these varieties originally cost several times the price of this entire collection.

Every bulb is flowering size, sound, plump, healthy and full of pep, just waiting to be put into the ground, and just the best possible size and type to give you the best immediate results in your garden. No old worn-out bulbs, no obsolete varieties and *no thrips*.

I will want to sell you other things another year, and I expect this “Glad” Collection to be one of my best advertising mediums, both for you and your friends. Therefore, I have made it as good as I possibly could.

Order as many collections as you wish. Make a planting every two weeks, and have cut flowers for the table, also flowers in the garden throughout the entire season. One stalk lasts two weeks as a cut flower. There is nothing easier to grow or more satisfactory. Just put them into the ground and watch results. Plant them anywhere, in clumps, in beds or in rows. Or fill in vacant spots in your garden. These Gladiolus will add a magical spot of color, wherever you put them.

Not a great deal of space is required for 100 bulbs. Planted in a single row, they need to have only the width of a bulb between them, therefore 100 bulbs will make a single row 20 to 25 feet long, or three rows, 7 to 8 feet long. You can plant them farther apart, of course, if you wish to fill up the space.

If you have not much space available, get your neighbor to join with you. But I am sure you will find a thousand bulbs of these magnificent Gladiolus none too many if you have room for them. No less than a full collection of 100 sold, as this stupendously low price for such magnificent varieties is only made possible by packing thousands of packages in a uniform size.

GLORIANA—Magnificent pure salmon, shading to a golden throat. 10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.

With more than 7,000 varieties of Gladiolus from which to select, the members of the American Gladiolus Society selected these 15 varieties as the best. Naturally, they are all of outstanding merit—large flowers, of magnificent form, texture and color, and many flowers open on a stalk at once. Each is the finest of its class. They carry off all the prizes wherever they are shown. And so, if you wish to have a collection of Gladiolus that will be the sensation in your community, either on the show bench or in the garden, this is your opportunity.

While the varieties in this Collection have sold in the past at extravagant prices, this offer puts them within the reach of all flower lovers.

# STARLIGHT DAHLIA COLLECTION

*6 Magnificent Decorative Dahlias for \$1.50*

*Delivered to Your Door by Parcel Post, Prepaid*

**T**HIS Collection will contain such magnificent outstanding world-renowned varieties as Jersey's Beauty (most popular pink), Sagamore (wonderful amber gold), Jersey's Beacon (Chinese scarlet), Calvin Coolidge, Jr. (rose pink, suffused salmon) York and Lancaster (crimson, tipped white), and other equally attractive and popular varieties. I cannot tell in advance the exact contents of each collection, but I guarantee that you will receive several times your money's worth, and will be more than pleased.

Each variety will be distinctive, no two alike, and each collection will contain a good range of colors. They will be good, strong, sound tubers (green plants are not so satisfactory and are generally sold much cheaper). I sell only the tubers.

These Decorative types that make up this Collection are the large, showy varieties that produce such striking and spectacular cut flowers, and that look so stunning in the garden and on the show bench. The varieties included in this Collection will be the finer, more popular recent introductions. I handle nothing but "quality" stock.

This Starlight Collection will prove a delightful surprise, and will introduce to you some of the choicest Decorative Dahlias grown. The individual varieties included are usually quoted at from 50c to \$1.50 each. Some of them have sold within two or three years at several times the price which I ask for the entire Collection. Only under exceptional circumstances could I, or anyone else, offer such a value. To know these Dahlias is to love them.

Remember, I pay the parcel post on these collections and you will receive  
*Six Magnificent Showy Decorative Dahlias, in Different Colors,  
No Two Alike, Delivered to Your Door, for \$1.50*

# TOM THUMB DAHLIA COLLECTION

THIS collection will consist of the lovely little POMPONS or Baby Dahlias, two inches or less in diameter, with quilled petals, all of perfect symmetrical form. The Pompons are especially liked for cutting. Their modest size and daintiness make them especially suitable for table decoration. With this Tom Thumb Collection, it will be easy to arrange an artistic and harmonious bouquet. The colors are lilac, scarlet, yellow, white, pink, purple, crimson, lavender, orange, in many shades, in solid colors, as well as spotted, striped and blended colors. Each Collection will contain a nice color assortment, no two alike, all choice varieties, as I sell nothing but the latest and best. All will be carefully labelled.

*Six Lovely Tom Thumb Pompons, Strong Tubers, for \$1.25  
Delivered to Your Door by Parcel Post, Charges Prepaid*

# ELITE CACTUS DAHLIA COLLECTION

THE Cactus Dahlias have narrow twisted petals, and are among the most attractive and artistic of all Dahlias. To make the collections more attractive, we will include some Hybrid Cactus types, sometimes called Informal Decoratives, which have flat petals, slightly twisted at the tip. All will be unusually handsome, all different and distinctive, in a nice assortment of colors, no two alike.

You would pay from two to three times the modest price quoted here for six of these lovely Cactus and Hybrid Cactus Dahlias if you selected them individually from the Catalog of any reputable grower. I will make up the Collection as carefully as if intended for my own garden.
